Fabric 10: Six Tag Blocks

Cut one strip 9.5" x WOF and
SC six (6) 6.5 x 9.5"

Backing: Cut backing fabric into two pieces, each 2+3/4 yards long. Seam approximately 1/2" in from selvage edges. Trim away selvage edges leaving approximately 1/4" seam allowance. Seam will run vertically down the middle of the back of your quilt. Set aside.

Binding: Sew binding strips end to end along 45 degree diagonal line. Trim seam allowances to 1/4" and press seams open. Fold binding in half and press lengthwise to make double-fold binding. Set aside.

To make all "gift tag blocks", use all 6.5" x 9.5" patches and the 2.5" Fabric 7 squares with the diagonal line on the back. Place a square RST to each of the upper corners of the block, stitch along the diagonal line, trim away excess layers and press seam allowance. The number of tags you are making for each fabric is listed above in the cutting instructions.

For the personalized gift tag: Place two 2.5" Fabric 7 squares at the top of the 4.0" x 6.5" Fabric 6 piece. Stitch along diagonal line, trim away excess and press seam. Set aside.

Stitch the 1.5" x 5.0" Fabric 6 piece between two 2.0" x 5.0" Fabric 7 pieces. Add the 2.0" x 5.0" Fabric 6 piece to bottom of section just made. To each side of this section add the 1.25" x 6.0" Fabric 6 sections. Finally add the top tag section to the top of this block.

Personalized your message in this block using hand or machine embroidery or Pigma Pens.

Blocks are joined to each other in vertical rows. Lay out each row of blocks as shown below. Starting with the left side as row 1, all even numbered rows start and end with a tag block and have a 2.5" x 6.5" Fabric 7 piece between each block. All even numbered rows start and end with a 6.0" x 6.5" Fabric 7 piece and then have the 2.5" x 6.5" Fabric 7 pieces between the tag blocks.

Row 1 Row 2 Row 3 Row 4 Row 5 Row 6 Row 7

Using the 2.5" x WOF Fabric 7 strips, stitch two strips together end to end along the 45 degree angle. Trim seam allowance and press seam. Repeat with all remaining strips to make a total of 10 sections each two strips long. Trim 8 of these strips 64.5" long and stitch a strip between each row of blocks and to left and right side of quilt. Trim the two remaining strips 58.5" long and add them to top and bottom of blocks.

Border 1: Stitch two Fabric 3 border strips together end to end on the 45 degree diagonal, trim seam allowance and press. Repeat with other six strips so you have four long border sections. Cut two of these sections 68.5" long and add to left and right side of quilt. Cut remaining two borders 61.5" long and add to top and bottom.

Border 2: Join Fabric 2 border strips together the same way as above to make four long border sections. Trim two border strips 71.5" long and add to left and right side of quilt. Trim remaining two strips 66.5" and add to top and bottom of quilt.

strips 66.5" and add to top and bottom of quilt.

Border 3: Join Fabric 1 border strips into pairs using a straight vertical seam (NOT on the 45 degree angle) to make the most of your fabric. Repeat to make a total of four long border strips. Trim two strips 76.5" long and add to left and right side of quilt. Trim remaining two borders 75.5" long and add to top and bottom.

Layer, quilt and bind.

Finally, add your buttons to the top of each gift tag. You can sew them on as you would sew a regular button on a garment or you could tie them on using embroidery floss, pearl cotton or even thin ribbon.

Enjoy!
